Subject: 2017 Chevy Suburban
Attachments: District Fleet Lease EPA Suburban LT.pdf

Good afternoon Mr. Allen,

Below is the breakdown of costs for the 2017 Suburban. Mr. Allen, after reviewing the summary below, please give me a call if you have any questions. If you would like for me to proceed with the Suburban, please just send me an email. I will work with Mardiko to add the extra funding and I will modify the purchase order. Thanks, Brenda

Here is a quick summary of the vehicle Specifications:

2017 Chevy Suburban LT, 4WD, Black/Black, leather seats with E-85 Flex Fuel;
 Power Sunroof and (2) Additional Captain Chairs (NO CHANGE)

Suburban offers free maintenance for two (2) years; (NO CHANGE)

Mileage is based upon 15,000 annual miles; excess mileage charge is \$0.18 per mile; (NO CHANGE)

Equipment Package D:

12 Month Base, Option Years one (1) and two (2) - (we have the option to exercise the options or not without penalty – that's why the Base Year total is front loaded and the subsequent options decrease). Below are the cost for the Option Periods. (NO CHANGE)

Fixed Price Lease:

Fixed price means the monthly price will remain the same throughout the 36 month term. If the EPA terminates this agreement, before the end of the lease, the EPA will possibly be assessed a penalty; (NO CHANGE)

Vehicle Lease Options

Factory Ordered Vehicle: See Attached Spec Sheets for equipment package details

<u>Vehicle</u>	<u>12 Month Base</u>	<u>Option Year 1</u>	<u>Option Year 2</u>

Location: Ronald Reagan Building #71223, Washington, DC
Attn: Jessica V. Wilson - Contracting Officer/ Brenda Randall
Solicitation Number: Market Research

Based upon your request for vehicle lease quotes, District Fleet offers the following proposal:

Factory Ordered Vehicle: See Attached Spec Sheets for equipment package details

Vehicle	12 Month Base	Option Year 1	Option Year 2
<u>Equipment Package D:</u>			
2017 Chevy Suburban LT, 4WD, E85	\$1,647.00	\$849.00	\$647.00
Total Annual	<u>\$19,760.00</u>	<u>\$10,188.00</u>	<u>\$7,764.00</u>

Fixed Term Lease:

36 Months

Equipment Package D:

2017 Chevy Suburban LT, 4WD, E85

\$1053.00/mo

Factors to Consider:

1. Pricing is per vehicle per month in accordance with the enclosed specifications for factory ordered Flex Fuel 2017 Chevy Suburban LT.
2. Lead time is anticipated to be 6-10 weeks ARO (after receipt of order)
3. Bid includes assigned District Fleet FSR (Fleet Service Representative) to assist with delivery, service, warranty and end of lease logistics.
4. Mileage is based upon 15,000 annual miles; excess mileage charge is \$0.18/mi.
5. Insurance is the responsibility of the Government.
6. Maintenance is the responsibility of the Government.
7. This quote does not include title, registration and tag costs. Upon request, we can acquire DC tags for a cost of: \$400.00 for the base year and \$155 each option year.
8. Invoices will be sent monthly and payment is expected via check or WAWF/iRAPT.
9. Subject to all applicable FAR regulations.

Before I forget, pls share with Reggie, the Administrator mentioned he would like to have WiFi in the vehicle - whether that's part of the vehicle package or an accessory.

If that Suburban is still months away - perhaps there is a conversion kit of some kind for the Tahoe.

Yes - however please look hard at the requirements for a two vehicle package that you could not use one of the other fleet vehicles instead of the Tahoe - especially after we have a confirmed Deputy on board.

Yes the plan was to keep the Tahoe for the Deputy to use AND as a backup for the Administrator. So if the Suburban went down they would have an immediate backup. Since we do not have a PAS Deputy yet and maybe not for a while it is not an issue. However I can see the potential under Nino that the PSD will probably want two vehicles exclusively for the Administrator and at some point we may have to get another vehicle for the Deputy. Not an issue right now but maybe down the road but yes we did plan on keeping the Tahoe - the lease runs out next summer.

As for the Tahoe, had heard we were keeping the Tahoe in as a back up limo for the Administrator. Is that accurate?

Thanks for the response.

My office had not received a request to procure a third SUV for the Administrator. We will work thru Reggie Allen and John Reeder who will need to fund this additional request.

The second extra set will be for a SUV we have designated as the midnight limo – to be used exclusively by the midnight shift agents. You do not want the Tahoe or the new Suburban to idle for long periods of time – it is very bad for the vehicle. So we have designated a SUV – capable of transporting the Administrator after hours in an unscheduled or

emergency driven situation. It needs to have the same equipment in it as the primary limos.

David, I have been advised that you have oversight over the identification of medical equipment which can or should be purchased by EPA.

We are looking to procure a second and third sets of AED (de-fib unit) and first aid trauma kits for our limo designated for the midnight shift, and for another limo which is in the process of being purchased or leased by EPA for the Administrator.

Looking for your recommendations and guidance.

Subject: Vehicle for the Deputy Administrator

Hi Reggie,

As a follow up to my vm this afternoon, FMSSD was not able to secure a leasing agreement with GSA for the black/black Suburban as it was no longer available once you provided clearance. GSA has a brown Chevy Tahoe in stock, however, it is not in the best condition. FMSSD reached out to Autoflex, which currently holds the lease on the Administrator's vehicle, but they have not responded. Therefore, we reached out to District Fleet and they will be able to provide a 2017 Tahoe LTZ-Flex Fuel (Black/Black) for approximately \$800.00 a month. This is a 36-month lease and is subject to penalty, if the lease is terminated before it expires. This vehicle is considered a customized order and will take approximately 60-days before EPA can take possession.

FYI, the lease on the Administrator's Tahoe expires on 2/4/18. If you approve the lease for the new vehicle, I would recommend using the current SUV for the Deputy until the lease expires. Below is a breakdown of the cost to outfit the new Tahoe, if approved and the removal of the LEL on the Malibu.

If you have any questions, please let me know.

Thanks

Breakdown of Costs

36 Month Lease (\$800.00/Month)	--	\$28,800.00
Law Enforcement Lights (LEL) &Tinted Windows	--	\$ 3,200.00
2011 Malibu (Remove LEL)	--	\$ 600.00

Subject: questions for our latest story

Dear Jahan,

As we discussed last night, we are doing a story that will cover some of Administrator Pruitt's activities in Oklahoma, and additional activities in DC. We are sending several questions now, and then we can discuss what responses need to be incorporated into the piece (which is still being drafted). We are planning to post the piece online sometime today, but want to give you

time to look into some of these things. Also, we have sought to get some questions answered by folks in OK, since they have easier access to those records.

Here they are, and Brady can follow up if I'm missing anything:

We know that Mr. Pruitt switched the aging four-door car used by his predecessor as AG for a Chevy Tahoe. We'd like to know what year that was, and the cost of the vehicle, which was funded by DPS. DPS is pulling the records, but it is taking some time to get them.

The AG's office has confirmed that he had a full time staffer who drove him to and from Tulsa to Oklahoma City when he commuted there, and also served as a gun-carrying agent in the office. (This individual was a retired Tulsa police officer.) Did he have any other members of his detail while serving as AG, or is that a comprehensive summary?

Deliberative Process / Ex. 5

We were looking at the two leadership PACs affiliated with Mr. Pruitt, which were created in 2015. They list a number of stays in hotels across the country, but don't specify which individual stayed in these places. Were the vast majority of these stays—in Sofitels, the Intercontinental and the Ritz-Carlton—Mr. Pruitt's, or were they other staffers?

Deliberative Process / Ex. 5

We are writing about the proposal to house his overnight detail in an apartment when he lived on U St, a plan which did not materialize because he moved back to the Hill. If you care to share a comment on that, feel free, but you don't need to because we have Henry Barnett's written explanation for the move.

Deliberative Process / Ex. 5

We will mention that before Secretary Tom Price resigned, Mr. Pruitt frequently urged his staff to secure private and military jets for him. Since we've written versions of this before, this probably doesn't need a comment, but we wanted to flag it.

(Approved answer that we have already used) **"This is not news. EPA's chief financial officer regularly receives solicitations for this type of travel, we did our due diligence, found it was not as cost efficient and continued to fly commercial."**

We are also mentioning two other plans that didn't materialize: the installation of a key card swipe system for the doors leading to the outer reception area of his office (which we discussed

last night) and a plan to have an aide compile news clips about his work and deliver them to his home by 7 am, before he headed to the office. You don't need to send a comment on this, obviously, but can if you'd like.

Deliberative Process / Ex. 5

We will quote from the two emails sent by Sarah Greenwalt and Milan Hupp, attached here. We've already included the comment on salary decisions that you made on Monday, as we discussed yesterday.

Deliberative Process / Ex. 5

We will mention that Kevin Chmielewski told congressional investigators that after Ryan Jackson raised questions about the Morocco trip and suggested a large group of aides participate in scheduling meetings, Mr. Pruitt sent a text rejecting that idea. Instead, he limited his scheduling meetings to include his senior counsel Sarah Greenwalt, director of scheduling and advance Millan Hupp and deputy White House liaison Hayley Ford. A fourth aide, Elizabeth "Tate" Bennett sometimes participates in meetings on domestic travel.

Deliberative Process / Ex. 5

We will include an account of the White House meeting that took place on April 9, which included President Trump, Administrator Pruitt, Agriculture Secretary Sonny Perdue and top White House staffers such as chief of staff John Kelly and White House counsel Donald F. McGahn. Here is an account of that meeting, according to two administration officials familiar with the exchange:

Deliberative Process / Ex. 5

The president started the session by remarking that had been a "rough week" for Pruitt, and then mused whether the administrator had actually paid market rate for his \$50-a-night Capitol Hill rental.

After indicating that the rental might pass muster, Trump remarked that Pruitt had given some aides "big raises."

Pruitt emphasized that he was unaware of the pay increases and had learned about them after they were approved.

"Scott, you've also let a lot of people go, right, a lot of bureaucrats?" Trump asked "We're down to Reagan-era levels," Pruitt said, drawing an approving nod from Trump. Trump concluded the exchange with Pruitt by telling him to "cool it" going forward.

Thanks so much, and you know where to reach us. I'm on my cell for much of the morning, then in the office. Brady is at the office.

Thanks again, Juliet

What is V3? Can I get more information on that? I think we need to gather information on the costs of cancelling this vehicle. I'm entirely unsure why Reggie ordered this.

With the Tahoe sent back, we would otherwise have two new Suburban's, correct? That seems very sufficient to me.

I was not able to circle back with you yesterday evening but here is what we have.

1. V 1 - Adm vehicle
2. V2 - preciously the PSD back up vehicle but now can be used for DA. I have the keys and gave one pair to Donna Jenkins and Phil can drive this. How does that sound?
3. V3 - the leased truck approved by Reggie and is being built. We do not have it yet and this is the 2018 contract that got a lot of press. My recommendation is that we consider not completing this lease. There may be a penalty.

I did not want to make any decisions about V3 until I spoke to you. We have not more vechicles.

5. We will mention that before Secretary Tom Price resigned, Mr. Pruitt frequently urged his staff to secure private and military jets for him. Since we've written versions of this before, this probably doesn't need a comment, but we wanted to flag it.
6. We are also mentioning two other plans that didn't materialize: the installation of a key card swipe system for the doors leading to the outer reception area of his office (which we discussed last night) and a plan to have an aide compile news clips about his work and deliver them to his home by 7 am, before he headed to the office. You don't need to send a comment on this, obviously, but can if you'd like.
7. We will quote from the two emails sent by Sarah Greenwalt and Milan Hupp, attached here. We've already included the comment on salary decisions that you made on Monday, as we discussed yesterday.
8. We will mention that Kevin Chmielewski told congressional investigators that after Ryan Jackson raised questions about the Morocco trip and suggested a large group of aides participate in scheduling meetings, Mr. Pruitt sent a text rejecting that idea. Instead, he limited his scheduling meetings to include his senior counsel Sarah Greenwalt, director of scheduling and advance Millan Hupp and deputy White House liaison Hayley Ford. A fourth aide, Elizabeth "Tate" Bennett sometimes participates in meetings on domestic travel.
9. We will include an account of the White House meeting that took place on April 9, which included President Trump, Administrator Pruitt, Agriculture Secretary Sonny Perdue and top White House staffers such as chief of staff John Kelly and White House counsel Donald F. McGahn. Here is an account of that meeting, according to two administration officials familiar with the exchange:

The president started the session by remarking that had been a "rough week" for Pruitt, and then mused whether the administrator had actually paid market rate for his \$50-a-night Capitol Hill rental.

After indicating that the rental might pass muster, Trump remarked that Pruitt had given some aides "big raises."

Pruitt emphasized that he was unaware of the pay increases and had learned about them after they were approved.

"Scott, you've also let a lot of people go, right, a lot of bureaucrats?" Trump asked

"We're down to Reagan-era levels," Pruitt said, drawing an approving nod from Trump.

Trump concluded the exchange with Pruitt by telling him to "cool it" going forward.

Thanks so much, and you know where to reach us. I'm on my cell for much of the morning, then in the office. Brady is at the office.

Thanks again, Juliet

According to Henry we have two Suburbans (one is a backup)

He was told that the 2018 lease is for a car for the deputy. We don't have it yet.

Subject: RE:
Attachments: attachment 1.xlsx

For the third vehicle, the lease is \$840 a month. That's \$10,080 for the first year alone.

It costs \$14,820 terminate it or \$1315 per month for just 12 of the 36 month lease which is just over \$15,000.

We are out of pocket \$4,000 between the cost of cancelling and what we would have to pay for keeping it just for the first year.

This seems like an easy one. Please cancel the vehicle and pay the termination cost.

For Holly and Andrew, Reg Allen before leaving as deputy COS leased another third suburban for some reason. I have already cancelled the lease for the 2014 Tahoe which Administrator McCarthy used and sent back so we are only at a point of having two vehicles for the Administrator: a principal suburban and a backup which can be also used during the day for the deputy or whomever else.

The cancellation of this third suburban would keep it at two vehicles. Administrator McCarthy only had a principal vehicle and back up.

With the new memo today, I wanted to involve you in this decision to ensure you concur as well.

Thank you.

Ryan.

What is V3? Can I get more information on that? I think we need to gather information on the costs of cancelling this vehicle. I'm entirely unsure why Reggie ordered this.

1. V 1 - Adm vehicle
2. V2 - preciously the PSD back up vehicle but now can be used for DA. I have the keys and gave one pair to Donna Jenkins and Phil can drive this. How does that sound?
3. V3 - the leased truck approved by Reggie and is being built. We do not have it yet and this is the 2018 contract that got a lot of press. My recommendation is that we consider not completing this lease. There may be a penalty.

I did not want to make any decisions about V3 until I spoke to you. We have not more vehciles.

The Tahoe is being utilized by the detail. It is equipped with the same equipment as the primary limo and is used nightly as the midnight shift limo and is the primary back up limo in the event the Suburban is down for mechanical or other issues.

And - just for example - the Tahoe was scheduled to be driven to NYC this morning to support the Administrator's visit.

And, the Administrator's travel to NYC is frequent, and the Tahoe is driven up and back to support those protective missions.

Howdy Gayle,

Hope you are doing well and are out of the office having some fun. I am out next week but if we need to have a discussion quickly, we can set something up with Henry Barnet (the Office Director), Nino and Jim—cc'd on this message.

There does seem to be a little confusion on the cars so it might be good to get folks together to discuss the state of the vehicles in the AO. Nino and Jim can reply and provide additional detail but here's a couple of points as I understand them. I don't believe we are seeking a third suburban so I'm not sure how this issue arose. We have one suburban assigned for the Administrator and then we have another suburban as part of the "pool" that our agents use primarily for the midnight shift and also to have available for the Administrator when the regular suburban is having work done. I understand the Tahoe was just a vehicle leased by the AO and the lease couldn't be cancelled so we were told we could use it, but it's not really ours and we can stop using it at any time. With regard to the Deputy's vehicle, since we don't provide protection services for that position, we don't really know what the vehicle situation is and we would not really have anything to do with that.

At any rate, we're happy to chat at any time—either next week without me or the following week when I return.

Have a great weekend!

Thanks,

Pam

Nino,

It appears that they use the same method we do to use lease vehicles. Do you want me to follow-up with him?

Good afternoon everyone,

In order to get a new key made for the Suburban, you must go to Ourisman Chevrolet, 1800 Old Richmond Highway, Alexandria, VA. (571-366-8044). Please go to the service department, give them the last (8) digits of the VIN # **Ex. 6** and use the credit card to pay the \$68.42 for the key. The key should be available for pickup within two days, the service department will program the key and the cost will be approximately \$193.00 or less. Please give me a call if you have any questions. Thanks, Brenda

Good afternoon,

The Administrator's vehicle was delivered today. The vehicle is parked in the North Court Yard in space 2. I was not able to reach Reggie or Nino, therefore, I gave the keys to Michelle. The vehicle currently has paper tags. The new tags should be in within 10 days. There is a defibrillator and first aid kit in the back of the vehicle. The temporary registration, leasing and inspection paperwork are on the console. We will deliver the fleetcard for the vehicle this afternoon. Please let me know if you have any questions.

Vaughn,

The interim suburban vehicle was acquired by OCEFT through the GSA contract. One of our vehicles on lease was due for trade and the suburban happened to be available. This would be a short term fix for the vehicle the Administrator requested. As with all our vehicles, it is operated in accordance with GSA rules along with EPA/OCEFT policies & regulations (logs, fleet card, etc).

Reggie will need to respond regarding the new Suburban on order. OCEFT was not involved in that procurement.

Thanks,
Henry

Reggie,

My understanding from your VM was that PSD located a vehicle that can be used in the interim. I just want to make sure that we do things the correct way. Do you know if this is an existing EPA vehicle? If not, do you know if whoever got the vehicle received a waiver from GSA. Per 41 CFR CH. §101 -26.501-2 (Regulation governing vehicle procurements) - all vehicle procurements must go through GSA unless GSA authorizes local procurement via waiver.

Lastly, since I am not sure where this vehicle came from (internally/externally) I need to ensure that the operators of the vehicle are using a GSA fleet card. Per the EPA Fleet Manual - EPA designates the use of fleet credit cards for the payment of fuel and small maintenance services. We need to make sure they are using a Fleet card.

Thank you
Vaughn

Reggie,

Just a quick note to see if I can get some details on something my folks in FMSS made me aware of. They advised me that during a conversation with you the other day you told them that the PSD "procured" a Suburban for the Administrator. As you know we are working on this same activity, and we were recently told that the vehicle my folks are working on would be here by the end of June.

Can you please shed a little more light on the mechanism by which you all acquired the vehicle? Was this a purchase, or is it a lease? If it was a purchase, then what are your plans for the vehicle that will be arriving in June. If it was a lease, is it a short term lease? Any details you can provide would be greatly appreciated.

Thank you

Shotgun racks for limos

Good morning gents,

I was able to get in contact with Ball and Ball Communications INC, 14213 Cherry Lane Court, Laurel MD 20707. Phone# 301-490-1587.

It will cost \$180 to have the rack installed in each limo and will take approximately 2 hours to complete the work. I have arranged the work to be done (WITH YOUR APPROVAL) on Tuesday October 17, 2017 while the Administrator will be in NYC for the morning. They will start the work at 10 am and should be completed by 12 noon.

(b) (7) and I are tracking we have 3 limos, the primary and secondary can go out to have the racks installed and as a contingency plan for the Administrator's pick up we can use the 3rd Suburban.

Please let me know what you think and if this will work. If so we will need to assign 2 agents to get this done on Tuesday morning, as I will be in NYC as advance.

The Tahoe is being utilized by the detail. It is equipped with the same equipment as the primary limo and is used nightly as the midnight shift limo and is the primary back up limo in the event the Suburban is down for mechanical or other issues.

And - just for example - the Tahoe was scheduled to be driven to NYC this morning to support the Administrator's visit.

And, the Administrator's travel to NYC is frequent, and the Tahoe is driven up and back to support those protective missions.

Howdy Gayle,

Hope you are doing well and are out of the office having some fun. I am out next week but if we need to have a discussion quickly, we can set something up with Henry Barnet (the Office Director), Nino & **Ex. 6** cc'd on this message.

There does seem to be a little confusion on the cars so it might be good to get folks together to discuss the state of the vehicles in the AO. Nino and Jim can reply and provide additional detail but here's a couple of points as I understand them. I don't believe we are seeking a third suburban so I'm not sure how this issue arose. We have one suburban assigned for the Administrator and then we have another suburban as part of the "pool" that our agents use primarily for the midnight shift and also to have available for the Administrator when the regular suburban is having work done. I understand the Tahoe was just a vehicle leased by the AO and the lease couldn't be cancelled so we were told we could use it, but it's not really ours and we can stop using it at any time. With regard to the Deputy's vehicle, since we don't provide protection services for that position, we don't really know what the vehicle situation is and we would not really have anything to do with that.

At any rate, we're happy to chat at any time—either next week without me or the following week when I return.

Have a great weekend!

Good afternoon,

Are you in need of any more suburbans? My GSA contact in Atlanta has 3 available for lease (\$823 per month) and they are heavy duty for up-armoring and carrying lots of weight. They have vault boxes in them and each vehicle can haul 11,000lbs as well.

I know they are expensive but I thought I would spread the word anyway. Thanks!

Pictures attached.

What do you think? I am sending it to Reggie. Let me know if it is ok.

Sir,

I have located two dealerships that have the Suburban that we are looking for. They are in stock and ready to be picked-up. These vehicles have all have the requested features except for run-flats. Both dealerships have submitted quotes for our review on a 2017 GMC Yukon Denali XL. These vehicles are ready for pickup and can be purchased or leased depending on the budget. Please advise if you need additional information. Thank you and for your time in this matter.

The vehicle you sent from Flex Fleet Rental did not have most of the features requested in your note?

In any case the OARM/Facilities folks are working with the vendor, but as you stated run flat tires were not part of the initial requirements nor was satellite radio.

We can do anything but every change makes an already long contracting/leasing process longer.

I passed on all requirements today (including run flats) and hope to get a status tomorrow.

Sir,

I have been asked through my chain of command to make an inquiry about the delivery date of the Administrator's Suburban. It is my understanding that certain requests were made to include leather seats, flex fuel or other agency policy requirements on fuel, Wi-Fi, and other options such as satellite radio and OnStar. While not previously discussed, the addition of run flat tires would bring value to the mission.

Thank you for your support and assistance in procuring a vehicle which meets the security needs of the Protective Services Detail and the Administrator.

Subject: 2017 Chevy Suburban

Good Afternoon Gentlemen,

I just got off the phone with Mike Kraupp from Flex Fleet Rental and he indicated that he has two 2017 suburban's for sale with low mileage. There is one issue though, they cannot be sold until June. It has to do something with the manufacture, but we can lease them until June and then purchase them for \$60,000 each. If

we had Mr. Kraupp order a suburban for us at this point it would take about 8 weeks to receive. Here are the particulars on one of the vehicles. If you need additional information please let me know.

2017 Chevy Suburban/ Blk
Grey Leather Interior
Z-71 - package for off-road capability (4x4)
Mileage - 400 miles (both)

Purchase price \$60,000
Lease per month \$2800

Transfer fee from Salt lake to DC \$1200

Subject: 2015 Chevy Tahoe

Good morning gentlemen,

This is just a gentle reminder. The lease agreement (2015 Tahoe) with AUTOFLEX, expires February 4, 2018. This was a 36 month lease agreement. The EPA was authorized 15K miles per year for a total of 45K miles (36 month lease). If you exceed the 45K mileage allocation, you will be assessed \$.18 cents per mile for overage.

Also, I recommend that you take pictures of the Tahoe before you return it to AUTOFLEX. If there is any damage to the Tahoe, the EPA will be responsible for those expenses. If there is current damage to the vehicle, my suggestion is to have the repairs completed now before returning the vehicle. AUTOFLEX repair costs will be significantly higher than EPA's, but and once the vehicle is returned, you have no choice except to pay it. Thanks, Brenda

Reggie,

My understanding from your VM was that PSD located a vehicle that can be used in the interim. I just want to make sure that we do things the correct way. Do you know if this is an existing EPA vehicle? If not, do you know if whoever got the vehicle received a waiver from GSA. Per 41 CFR CH. §101 -26.501-2 (Regulation governing vehicle procurements) - all vehicle procurements must go through GSA unless GSA authorizes local procurement via waiver.

Lastly, since I am not sure where this vehicle came from (internally/externally) I need to ensure that the operators of the vehicle are using a GSA fleet card. Per the EPA Fleet Manual - EPA designates the use of fleet credit cards for the payment of fuel and small maintenance services. We need to make sure they are using a Fleet card.

Thank you

Reggie,

Just a quick note to see if I can get some details on something my folks in FMDS made me aware of. They advised me that during a conversation with you the other day you told them that the PSD "procured" a Suburban for the Administrator. As you know we are working on this same activity, and we were recently told that the vehicle my folks are working on would be here by the end of June.

Can you please shed a little more light on the mechanism by which you all acquired the vehicle? Was this a purchase, or is it a lease? If it was a purchase, then what are your plans for the vehicle that will be arriving in June. If it was a lease, is it a short term lease? Any details you can provide would be greatly appreciated.

Subject: 2017 Chevy Suburban

Good afternoon Mr. Allen,

Below is the breakdown of costs for the 2017 Suburban. Mr. Allen, after reviewing the summary below, please give me a call if you have any questions. If you would like for me to proceed with the Suburban, please just send me an email. I will work with Mardiko to add the extra funding and I will modify the purchase order. Thanks, Brenda

Here is a quick summary of the vehicle Specifications:

2017 Chevy Suburban LT, 4WD, Black/Black, leather seats with E-85 Flex Fuel;
 Power Sunroof and (2) Additional Captain Chairs (NO CHANGE)

Suburban offers free maintenance for two (2) years; (NO CHANGE)
 Mileage is based upon 15,000 annual miles; excess mileage charge is \$0.18 per mile; (NO CHANGE)

Equipment Package D:

12 Month Base, Option Years one (1) and two (2) - (we have the option to exercise the options or not without penalty – that's why the Base Year total is front loaded and the subsequent options decrease). Below are the cost for the Option Periods. (NO CHANGE)

Fixed Price Lease:

Fixed price means the monthly price will remain the same throughout the 36 month term. If the EPA terminates this agreement, before the end of the lease, the EPA will possibly be assessed a penalty; (NO CHANGE)

Vehicle Lease Options

Factory Ordered Vehicle: See Attached Spec Sheets for equipment package details

The process (PR submitted) to start canceling the vehicle (Chevy Suburban) for the Deputy Administrator began on 5/3/2018. On last week we had to add another \$960 for cancellation fees.

The Chevy Tahoe, which was leased from Enterprise, was returned on either April 18/19.

1. We understand EPA canceled the leases of both a Chevy Suburban and a Chevy Tahoe for the administrator a couple of months ago. Can we just get the date, or even the month, when that happened?

Hi Rose,

Here is a copy of the purchase order for the vehicle. I'm working from home today and I'm not sure why it didn't put my signature on it, when I get in the office on Wednesday I'll make sure I'll send you the signed copy. If you have any questions about this purchase order, please email me and or Brenda Randall. Brenda Randall will be your contact person about the detail of the vehicle. Have a wonderful weekend.

The Administrators is asking for a status on the Suburban.

As I discussed with Lenée if Flex Fleet can deliver faster with the same requirements then we should go with them especially if they can provide a temp suburban until the ordered on arrives.

Also the PSD asked today to ensure the vehicle has the following features :

- <!--[if !supportLists]--><!--[endif]-->Bucket leather seats,
- <!--[if !supportLists]--><!--[endif]-->flex fuel or other agency policy requirements on fuel,
- <!--[if !supportLists]--><!--[endif]-->Wi-Fi, and other options such as satellite radio and OnStar.
- <!--[if !supportLists]--><!--[endif]-->While not previously discussed, the addition of run flat tires would bring value to the mission.

Please give me a status as early tomorrow as possible so we can get this vehicle ordered and through contracting

Thanks

Good morning Reggie,

FYI, Flex Fleet is an approved government vendor. I reached out to the company yesterday to get additional information, however, they did not return my call. FMSD is working on this request this morning and we will get back with shortly.

Thank you

Hi Reggie,

I hope all is well. FMSD needs to confirm that Flex Fleet is an approved government vendor. I will try to work on this today; however, I am leaving the office early (Brenda is on cws) and have a few pressing priorities that I need to complete before leaving. If I am unable to, FMSD will make this a priority first thing in the morning.

Thanks

The PSD guys sent me this as they are trying to speed up getting a Suburban for the Administrator – need to be able to explain the rules around these types of acquisitions to them with specific chapter and verse from the FAR.

Can you lay that out for me in terms of what we can do and NOT do.

Good Afternoon Gentlemen,

I just got off the phone with Mike Kraupp from Flex Fleet Rental and he indicated that he has two 2017 suburban's for sale with low mileage. There is one issue though, they cannot be sold until June. It has to do something with the manufacture, but we can lease them until June and then purchase them for \$60,000 each. If we had Mr. Kraupp order a suburban for us at this point

it would take about 8 weeks to receive. Here are the particulars on one of the vehicles. If you need additional information please let me know.

2017 Chevy Suburban/ Blk
Grey Leather Interior
Z-71 - package for off-road capability (4x4)
Mileage - 400 miles (both)

Purchase price \$60,000
Lease per month \$2800

Transfer fee from Salt lake to DC \$1200

The Administrators is asking for a status on the Suburban.

As I discussed with Lenee if Flex Fleet can deliver faster with the same requirements then we should go with them especially if they can provide a temp suburban until the ordered on arrives.

Also the PSD asked today to ensure the vehicle has the following features :

- <!--[if !supportLists]--><!--[endif]-->Bucket leather seats,
- <!--[if !supportLists]--><!--[endif]-->flex fuel or other agency policy requirements on fuel,
- <!--[if !supportLists]--><!--[endif]-->Wi-Fi, and other options such as satellite radio and OnStar.
- <!--[if !supportLists]--><!--[endif]-->While not previously discussed, the addition of run flat tires would bring value to the mission.

Please give me a status as early tomorrow as possible so we can get this vehicle ordered and through contracting

Thanks

Hi Reggie,

I hope all is well. FMDS needs to confirm that Flex Fleet is an approved government vendor. I will try to work on this today; however, I am leaving the office early (Brenda is on cws) and have a few pressing priorities that I need to complete before leaving. If I am unable to, FMDS will make this a priority first thing in the morning.

The PSD guys sent me this as they are trying to speed up getting a Suburban for the Administrator – need to be able to explain the rules around these types of acquisitions to them with specific chapter and verse from the FAR.

Can you lay that out for me in terms of what we can do and NOT do.

Good Afternoon Gentlemen,

I just got off the phone with Mike Kraupp from Flex Fleet Rental and he indicated that he has two 2017 suburban's for sale with low mileage. There is one issue though, they cannot be sold until June. It has to do something with the manufacture, but we can lease them until June and then purchase them for \$60,000 each. If we had Mr. Kraupp order a suburban for us at this point it would take about 8 weeks to receive. Here are the particulars on one of the vehicles. If you need additional information please let me know.

2017 Chevy Suburban/ Blk
Grey Leather Interior
Z-71 - package for off-road capability (4x4)

This morning on the drive into the office, the Administrator mentioned he thought we were getting a new Suburban to replace/supplement the Tahoe and asked when it may be delivered. I told him I would check and get back to him. Have either of you heard about that? Who handles procuring vehicles? OARM?

Subject: RE: questions for our latest story

Hey sir,

Carlos Rivera-Silva is bringing down the 2015 Chevy Tahoe contract information as well as the 2017 Suburban contract information. (Both are commercial leases). That's the only paperwork we have on the current vehicles, I have requested paperwork from (OARM) Brenda Randall and Bryford Metoyer on Administrator's previous vehicles (listed below) to obtain the annual lease costs.

Here is everything I know in regards to the question:

Administrator McCarthy had the following vehicles in her fleet:

1. Lincoln MKZ sedan – the lease ran out in February 2015, I was told this was a commercial lease, but, waiting on the contract paperwork. (The 2015 Chevy Tahoe replaced this vehicle).
2. 2015 Chevy Tahoe 4wd – The 3 year lease was granted on February 4, 2015. (Autoflex, Inc commercial lease).
3. Chevy E85 Malibu sedan – the lease ran out in November 2016.

I don't have documentation when Pruitt began to use the 2015 Chevy Tahoe because it was not in our care at the time, but, I think it's safe to say that it was used after he started office, late February 2017.

FYI -

1. The 2015 Chevy Tahoe had a 3 year lease (2-4-2015 through 2-4-2018 at \$9,180 Annually) and was recently turned in on 2-5-2018.
2. The 2017 Suburban ordered by AO was delivered on 5-12-2017 and is being used as the primary "limo". (Advantage Leasing commercial lease, base period of 1 year lease and can be renewed annually, at a cost of \$10,200 annually).

Sorry for the delay and please let me know if you have any questions. Thanks!

Regards,

Matthew Shepherd

Good afternoon,

I'm not sure of the year and cost off hand for the switch to the Tahoe. I know that Tom Sharp has a binder/folder with the contract information for that Tahoe, which was turned in on 2-5-18. Tom is on AL today and teleworking tomorrow, he would have a better sense of the time and costs.

Another source that might now off hand is Brenda Randall who was responsible for that transaction (99.9% sure), she works for OARM-OA-FMSD-HSB. (Lenae Morina is her supervisor).

Helena, I know that we have 3 or so employees in the OPS office today if you want to take a look at that folder containing all of the Tahoe Commercial Lease information. Carlos Rivera-Silva sits by Tom and can locate the binder in minutes, would that be something you would want to look at?

(Are we talking about the Tahoe on the spreadsheet from this morning, that was turned in on 2-5-18? I presume that the "aging 4 door vehicle" was the Buick Regal).

If I'm way off what you are looking for, please call me Telework # 202-384-2713. Thanks!

Subject: RE: Summary of Vehicles.xlsx
Attachments: Summary of Vehicles.xlsx

Good morning,

The information provided is accurate as provided on the spreadsheet.
 I would like to add a few comments as well:

1. Vehicle #1 (Administrator Suburban) is paid for through June 2018.
2. Vehicle #2 (Administrator/Deputy Tahoe) was turned back into Commercial Leasing Co. on February 5, 2018.
3. Per discussion, we might change Vehicle #3 comments – Maybe list it as “OECA Standard Lease”. (\$356 monthly or \$4,272 annually)
4. The COST column is Annual Cost of the vehicles, just want to make that clear (Vehicle #4a, 2 month rental). I assisted AO (Michael Quarles) with a short term lease to bridge the gap until the new Suburban was delivered. (Vehicle #4b).
5. I thought Vehicle #4b (Suburban) was being ordered through GSA, looks like a Commercial Lease.

(No changes were made to the spreadsheet)

Those are my 2 cents, please let me know if you have any more questions I can help with, Thanks!

Regards,

Matthew Shepherd

Guys

The vehicle you sent from Flex Fleet Rental did not have most of the features requested in your note?

In any case the OARM/Facilities folks are working with the vendor, but as you stated run flat tires were not part of the initial requirements nor was satellite radio.

We can do anything but every change makes an already long contracting/leasing process longer.

I passed on all requirements today (including run flats) and hope to get a status tomorrow.

Sir,

I have been asked through my chain of command to make an inquiry about the delivery date of the Administrator's Suburban. It is my understanding that certain requests were made to include leather seats, flex fuel or other agency policy requirements on fuel, Wi-Fi, and other options such as satellite radio and OnStar. While not previously discussed, the addition of run flat tires would bring value to the mission.

Thank you for your support and assistance in procuring a vehicle which meets the security needs of the Protective Services Detail and the Administrator.

Good Afternoon Gentlemen,

I just got off the phone with Mike Kraupp from Flex Fleet Rental and he indicated that he has two 2017 suburban's for sale with low mileage. There is one issue though, they cannot be sold until June. It has to do something with the manufacture, but we can lease them until June and then purchase them for \$60,000 each. If we had Mr. Kraupp order a suburban for us at this point it would take about 8 weeks to receive. Here are the particulars on one of the vehicles. If you need additional information please let me know.

2017 Chevy Suburban/ Blk
Grey Leather Interior
Z-71 - package for off-road capability (4x4)
Mileage - 400 miles (both)

Purchase price \$60,000
Lease per month \$2800

Transfer fee from Salt lake to DC \$1200

The Administrator asks about the Suburban every day, that said, I know that doesn't make it get repaired any faster.

But do you know:

- who is the interface with Tony's Repairs?

- do we have an estimate when it will be ready to be picked up?

- I know that the repairs are not handled through GSA? Who do we bring the bill to? Has that been done? Who cuts the check?

Thnx

Hey sir,

Carlos Rivera-Silva is bringing down the 2015 Chevy Tahoe contract information as well as the 2017 Suburban contract information. (Both are commercial leases). That's the only paperwork we have on the current vehicles, I have requested paperwork from (OARM) Brenda Randall and Bryford Metoyer on Administrator's previous vehicles (listed below) to obtain the annual lease costs.

Here is everything I know in regards to the question:

Administrator McCarthy had the following vehicles in her fleet:

1. Lincoln MKZ sedan – the lease ran out in February 2015, I was told this was a commercial lease, but, waiting on the contract paperwork. (The 2015 Chevy Tahoe replaced this vehicle).
2. 2015 Chevy Tahoe 4wd – The 3 year lease was granted on February 4, 2015. (Autoflex, Inc commercial lease).
3. Chevy E85 Malibu sedan – the lease ran out in November 2016.

I don't have documentation when Pruitt began to use the 2015 Chevy Tahoe because it was not in our care at the time, but, I think it's safe to say that it was used after he started office, late February 2017.

FYI -

1. The 2015 Chevy Tahoe had a 3 year lease (2-4-2015 through 2-4-2018 at \$9,180 Annually) and was recently turned in on 2-5-2018.
2. The 2017 Suburban ordered by AO was delivered on 5-12-2017 and is being used as the primary "limo". (Advantage Leasing commercial lease, base period of 1 year lease and can be renewed annually, at a cost of \$10,200 annually).

Sorry for the delay and please let me know if you have any questions. Thanks!

Regards,

Matthew Shepherd

Another source that might now off hand is Brenda Randall who was responsible for that transaction (99.9% sure), she works for OARM-OA-FMSD-HSB. (Lenee Morina is her supervisor).

Helena, I know that we have 3 or so employees in the OPS office today if you want to take a look at that folder containing all of the Tahoe Commercial Lease information. Carlos Rivera-Silva sits by Tom and can locate the binder in minutes, would that be something you would want to look at?

Hey sir,

Carlos Rivera-Silva is bringing down the 2015 Chevy Tahoe contract information as well as the 2017 Suburban contract information. (Both are commercial leases). That's the only paperwork we have on the current vehicles, I have requested paperwork from (OARM) Brenda Randall and Bryford Metoyer on Administrator's previous vehicles (listed below) to obtain the annual lease costs.

Here is everything I know in regards to the question:

Administrator McCarthy had the following vehicles in her fleet:

1. Lincoln MKZ sedan – the lease ran out in February 2015, I was told this was a commercial lease, but, waiting on the contract paperwork. (The 2015 Chevy Tahoe replaced this vehicle).
2. 2015 Chevy Tahoe 4wd – The 3 year lease was granted on February 4, 2015. (Autoflex, Inc commercial lease).
3. Chevy E85 Malibu sedan – the lease ran out in November 2016.

I don't have documentation when Pruitt began to use the 2015 Chevy Tahoe because it was not in our care at the time, but, I think it's safe to say that it was used after he started office, late February 2017.

Not sure - I'd have to consult with Nino - whether we want to re enter the lease world versus GSA. I do know - or so we were told - that there are certain options not available from GSA. Wonder what re upping the current lease would look like. It's still low mileage on that car.

Hey sir,

Yes, Melissa has provided me with several vehicles in the past year or so, she has been great. The reason for the rush is that we have 6 new employees coming on for a "protection detail" in October and we are in need of cars for their motorcade. This is why I'm making the hard push and throwing my vehicle net as far as I can.

We are looking for just about anything at this point, we are desperate. Of course, we would like to have medium size SUVs if possible (Explorer, Tahoe, etc.) but will take just about anything but minivans. This includes Fusions, Impalas, Chrysler 200s and Hyundai, just let me know what you have sir. Shoot, I think we are going to pay about \$2,000 to have 2 vehicles shipped from Denver, CO in the next week or so. Any vehicle you can shoot my way will be greatly appreciated sir.

Thanks for your time!

As you are aware GSA Fleet rarely have vehicles sitting around. We have a lot of customers who are in need of vehicles. If I am not mistaken Melissa has provided you with several vehicles. We will continue to provide vehicle support as best as we can. As far as having vehicles on hand during the Focus Group I am almost sure we will not have any vehicles. Dear Valued Metro Fleet Customers,

You are invited to attend GSA's Fleet Management Center Focus Group on Tuesday September 26, 2017, from 10am to 12pm at our METRO Fleet Management Center (FMC) in Hyattsville, MD.

The Focus Group will provide an overview of the GSA Fleet Program and the latest information in Fleet Management. You'll also be provided the opportunity to share your customer experience and meet with your responsible Fleet Service Representative (FSR).

Topics covered at this Focus Group will include:

- Agency and Driver Responsibilities
- Fleet Drive-Thru (Leasing Guide and available Training)
- VCSS (Billing)
- WEX Card
- Maintenance Control Center (MCC)
- Accident Control Center (AMC)
- Yearly Procurements,
- Legislation and Regulations
- Utilization
- Fleet Solutions (Short Term Rentals and Vehicle Monitoring).

The Focus Group will start promptly at **10:00 am** in the FMC Conference Room. We will break for lunch around 12 noon.

Upon your return from lunch, the FMC Manager and FSRs will be available to meet with you individually to address agency specific matters or further discuss any topics presented.

LOCATION:

METRO Fleet Management Center
3101 Pennsy Drive
Hyattsville, MD 20785

Onsite parking is available. The METRO FMC is also accessible by Metro and is located directly across from the Landover Metro Station (Orange Line)

Please RSVP, to me or your servicing FSR, by **Wednesday September 20th**, with the name(s) and number of attendees.

If you have questions or require additional information, do not hesitate to contact your FSR.

Hey there, just a heads up...

Henry was curious about the ordering of a new suburban and was asking questions. I know that I didn't have any part in that and didn't know it was for the Administrator... and it sounds like they had some major issues getting all the things he wanted in the vehicle (wifi, etc...).

I told Kimberly I didn't know anything about it and not sure if you did either ☺

So, she will probably reach out to you this morning. Welcome back! Lol

(c) The Contractor shall comply with the FAR clauses in this paragraph (c), applicable to commercial services, that the Contracting Officer has indicated as being incorporated in this contract by reference to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

Number	Title	Clause/Provision
--------	-------	------------------

(d) *Comptroller General Examination of Record.* The Contractor shall comply with the provisions of this paragraph (d) if this contract was awarded using other than sealed bid, is in excess of the simplified acquisition threshold, and does not contain the clause at 52.215-2, Audit and Records--Negotiation.

(1) The Comptroller General of the United States, an appropriate Inspector General appointed under section 3 or 8G of the Inspector General Act of 1978 (5 U.S.C. App.), or an authorized representative of either of the foregoing officials shall have access to and right to--

(i) Examine any of the Contractor's or any subcontractors' records that pertain to, and involve transactions relating to, this contract; and

(ii) Interview any officer or employee regarding such transactions.

(2) The Contractor shall make available at its offices at all reasonable times the records, materials, and other evidence for examination, audit, or reproduction, until 3 years after final payment under this contract or for any shorter period specified in FAR Subpart 4.7, Contractor Records Retention, of the other clauses of this contract. If this contract is completely or partially terminated, the records relating to the work terminated shall be made available for 3 years after any resulting final termination settlement. Records relating to appeals under the disputes clause or to litigation or the settlement of claims arising under or relating to this contract shall be made available until such appeals, litigation, or claims are finally resolved.

(3) As used in this clause, records include books, documents, accounting procedures and practices, and other data, regardless of type and regardless of form. This does not require the Contractor to create or maintain any record that the Contractor does not maintain in the ordinary course of business or pursuant to a provision of law.

(c) (1) Notwithstanding the requirements of the clauses in paragraphs (a), (b), and (c), of this clause, the Contractor is not required to flow down any FAR clause in a subcontract for commercial items, other than--

(i) *Paragraph (d) of this clause.* This paragraph flows down to all subcontracts, except the authority of the Inspector General under paragraph (d)(1)(ii) does not flow down; and

(ii) *Those clauses listed in this paragraph (e)(1).* Unless otherwise indicated below, the extent of the flow down shall be as required by the clause --

(A) 52.203-13, Contractor Code of Business Ethics and Conduct (Apr 2010) (Pub. L. 110-252, Title VI, Chapter 1 (41 U.S.C. 251 note)).

(B) 52.203-15, Whistleblower Protections Under the American Recovery and Reinvestment Act of 2009 (Jun 2010) (Section 1553 of Pub. L. 111-5).

(C) 52.219-8, Utilization of Small Business Concerns (Dec 2010) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$650,000 (\$1.5 million for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(D) 52.222-26, Equal Opportunity (Mar 2007) (E.O. 11246).

(E) 52.222-35, Equal Opportunity for Veterans (Sep 2010) (38 U.S.C. 4212).

(F) 52.222-36, Affirmative Action for Workers with Disabilities (Oct 2010) (29 U.S.C. 793).

(G) 52.222-40, Notification of Employee Rights Under the National Labor Relations Act (Dec 2010) (E.O. 13496). Flow down required in accordance with paragraph (t) of FAR clause 52.222-40.

(H) 52.222-41, Service Contract Act of 1965 (Nov 2007) (41 U.S.C. 351, et seq.).

(I) 52.222-50, Combating Trafficking in Persons (Feb 2009) (22 U.S.C. 7104(g)).

(J) 52.222-51, Exemption from Application of the Service Contract Act to Contracts for Maintenance, Calibration, or Repair of Certain Equipment-Requirements (Nov 2007) (41 U.S.C. 351, et seq.).

(K) 52.222-53, Exemption from Application of the Service Contract Act to Contracts for Certain Services-Requirements (Feb 2009) (41 U.S.C. 351, et seq.).

(L) 52.222-54, Employment Eligibility Verification (Jan 2009).

(M) 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations. (Mar 2009) (Pub. L. 110-247). Flow down required in accordance with paragraph (e) of FAR clause 52.226-6.

(N) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Feb 2006) (46 U.S.C. Appx. 1241(b) and 10 U.S.C. 2631). Flow down required in accordance with paragraph (d) of FAR clause 52.247-64.

(2) While not required, the contractor may include in its subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

[Note to Offerors: If choosing not to accept orders funded in whole or in part by the American Recovery and Reinvestment Act (ARRA), this clause will be replaced with the base clause, meaning that Alternate II is not applicable.]
